

FAQ's POP MEGA LTE

Q: How do I access menu functions when in an app?

A: The User Interface on the ONETOUCH POP MEGA LTE is made to be simple and intuitive so for that reason we have chosen to make the “**Menu**” key also serve as your “**Multi-Tasking**” key. This means you can quickly and easily access your Menu with one tap or you can press and **hold down for 1 second** to bring up all your recently opened apps.

The Menu functionality can be seen throughout the entire user interface and will be necessary to perform tasks such as deleting a contact or opening a new Incognito Tab in the Google Chrome browser. The Multi-Tasking key will allow you to close all applications that are running in the background in order to keep your device running smoothly, simply by clicking the “**Paintbrush.**”

Q: How do I set an alarm?

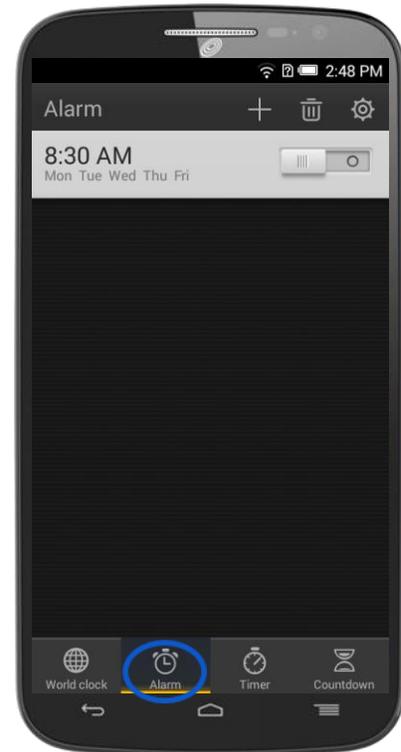

A: Our phones come with an alarm clock; you can find it by selecting the “**Time**” app and then selecting “**Alarm**” along the bottom. Create a new alarm by clicking on the “**+**” at the top of the screen.

Q: How do I change my lock/home screen background?

A: Click the same “**Menu**” button as above and choose “**Set wallpaper**” out of the list of options. You then have several choices depending on whether you want a “**Live wallpaper**” or prefer a static picture from the photo or wallpaper “**Gallery.**” Select the background that suits you and click “**Set wallpaper.**”

Q: How do I change my message notification sound?

A: Open up your Messaging app, select the “**Menu**” key and then “**Settings,**” then scroll down and click “**Select ringtone.**” Choose the one you prefer and click “**OK.**”

Q: Can I set a unique ringtone for my contacts?

A: Yes simply go into your People app, select the contact you would like to have a unique ringtone, bring up the “**Menu**” and select “**Set ringtone.**” Choose the one you prefer and click “**OK.**”

FAQ's POP MEGA LTE

Q: How do I take a screenshot?

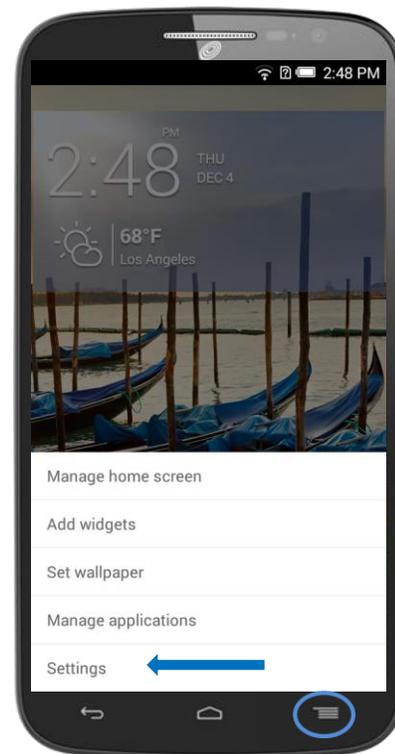

A: Simultaneously push and hold both the “Power” and “Volume Down” keys for 2-3 seconds. The screenshot will then be available in the Gallery app.

Q: How do I get to device settings?

A: Short press the “Menu/Multi-Tasking” key from your home screen and then select “Settings” from the pop up menu.

Q: How do I upload a picture to Facebook?

A: Inside the Gallery app select the photo you wish to upload. Click “Share”  on the bottom-left corner of your screen. You will then be given a series of options. Select the “Facebook” icon and the image will be taken to the Facebook app. You can then comment or tag your location/or friend(s) before clicking “Post.” **Note:** You must login to your Facebook app prior to sharing.

Q: Where do I go if I have additional questions about my device?
