AT&T Modio™
LTE case for iPad mini

Set Up Your LTE Case

Charging case

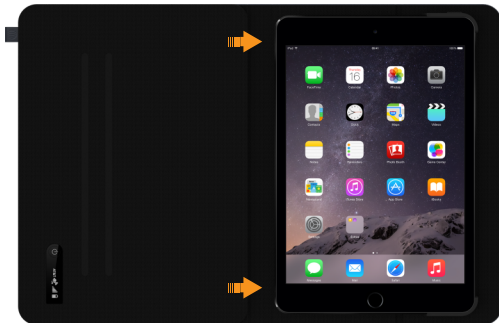

AT&T Modio LTE case will need to be fully charged prior to first use. To charge, attach USB cable (included in the box) to case and connect to:

- The USB port on your laptop.
- A USB wall charger (5V/2A charger sold separately; recommended).

Insert iPad mini into LTE case

- ① Open case.
- ② Insert iPad mini into right flap.
- ③ Slide iPad mini into brackets until firmly secured.

Viewing Angles

AT&T Modio LTE case provides a 45° and 60° viewing angles.

- Align device to first locking strip for 45° viewing angle.

- Align device to second locking strip for 60° viewing angle.

How to Connect

Install AT&T Modio Data™ App

- ① Turn your case ON by holding down the power button for two seconds.
- ② Connect to Wi-Fi.
- ③ Launch the App Store on your iPad mini.
- ④ Search for the AT&T Modio Data app in the App Store:

AT&T Modio Data
AT&T Services, Inc.

Tap **Get** to install the app.

AT&T Modio Data app Setup

- ① Launch the AT&T Modio Data app.
- ② Read and **accept** the end user license agreement.
- ③ Follow the prompts to connect to your AT&T Modio LTE case.

The device ID is located on the AT&T Modio LTE case label:

Note: Data and usage rates apply to the download and use of application.

AT&T Modio™ Data App

AT&T Modio Data is your companion app for your AT&T Modio LTE case. With the data app you can:

Home

Avoid overage fees by monitoring your data usage. Set alerts, view usage of other devices on your AT&T Mobile Share plan.

microSD
card

View and stream media from your microSD card. Store files and documents with the additional memory.

Notifications

Get notifications when approaching your data limit.

Settings

Manage and personalize your AT&T Modio Case settings.

Note: Actual billed usage can be higher than estimated data usage displayed on the usage meter. For example, actual billed usage may be higher when: part of a shared data plan such as Mobile Share; multiple users with different log in credentials using the same device; traveling internationally or outside AT&T's network; using the SIM card with another device; or, using a tethered handset.

Expandable Storage

Insert a microSD card into AT&T Modio™ LTE case to access added memory (up to a maximum of 32GB of additional storage).

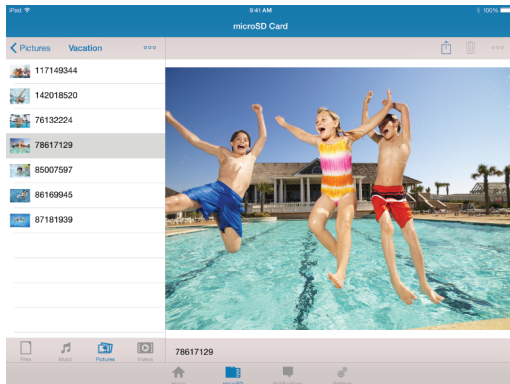

Insert microSD card

- ① Carefully open microSD card slot door.
Note: Do not pull slot door completely off.
- ② Insert microSD card (sold separately) into marked microSD card slot and push card in until locked.
- ③ Close microSD card slot door.

Manage expandable storage

Launch AT&T Modio Data app to manage expandable storage or to access microSD files.

Smart Features

- LTE case wakes your iPad mini or puts it to sleep when you open or close the case.
- Case detects when your iPad mini is asleep and automatically turns your 4G LTE connection off.
- After 10 minutes of inactivity, please lightly press the power button to wake the LTE case.
